

MSO Newsletter Advertising

Special for 2020 Only!

MSO publishes a quarterly newsletter that goes out to over 450 members either electronically or by mail. This is a great way for your company to get in front of the membership of onsite wastewater professionals. For the year 2020, we are offering the option of newsletter advertising separately from our Business Partnership Program (BPP). We do encourage you to join as a BPP member to bundle your Conference Registration, MSO Membership and Newsletter Advertising.

IN THIS ISSUE

Missouri Smallflows Organization
OUTHOUSE LEDGER
A Quarterly Publication

A Note from the Executive Director

MSO MEMBERS:
Since our last newsletter publication, many things have changed around the state. Right after the March newsletter came out the pandemic started and MSO had to shut down its person classes. We have been working with Missouri DWS to bring you new forms of education and hopefully ways to still earn CEUs.

We had four successful inspector webinars led by Rick Wilcoxson. These were webinars conducted over Zoom and there was great discussion over the material covered. We are looking into doing a webinar once every two months. This also may extend to bringing in a special speaker from a different part of the nation. Stay tuned...

Online classes have been a lifeline during this COVID-19 crisis. There are ways for you to earn some CEUs online and still support MSO. MSO was able to publish one new class, Missouri Month Review (CMR). This is a basic math class that revised material for on conventional systems. We appreciate you taking online classes at this time. We are continuing to develop new courses.

We are slowly integrating back into in-person seminar classes. We do have some scheduled and there are in the newsletter. There will be continual updates and the website is the best place to see these. You can always call or email to check on upcoming classes too.

Included in this newsletter is a letter from our President, Michael Bowles. He addresses the fact that Membership Dues increased on May 1. If you have any questions about this, you are welcome to reach out to the Board Members. Your contact information is on the website.

I haven't heard of our industry in Missouri slowing down during this pandemic. I would be interested to hear from any of you if you have been affected by this.

I am continually working on new class material for our organization to share. You will see an article in the newsletter highlighting a billing conventional system. We are hoping to use material for both online and in-person classes. A huge thank you to Kevin Dwyer and Kyle Storm of Bio-Card for their help in this regard with Mac Bacon and Kyrin Bevan for spearheading the videography. Stay safe and healthy during this pandemic. Thank you for your continued support of MSO.

Best regards,
Barney Insaragam
Executive Director

Newsletter Advertising includes one advertisement in four newsletters (1 full year).

Full Page Ad: fits on 8.5x11 inches

Half Page Ad: fits on 4.25 x 5.5 inches, preferably landscape format

Ads are asked to be sent in color. The electronic version of the newsletter is in color and mailed version is in black and white.
