## What is Supplemental Insurance?

Supplemental insurance is additional coverage that you can use to help with the out-of-pocket expenses that may not be covered by your major medical insurance. **That's where Aflac comes in, we pay cash benefits directly to our policyholders when the unexpected happens.** Major medical covers an average of 60% of total medical costs, and supplemental insurance helps cover the remaining 40% of any medical bill.

## Meet your AFLAC Representative:

Aaron Kolich has represented AFLAC for 8 years and currently lives in Kansas City with his wife and son. He manages a team of six agents and a local claims administrator to assist with claims, policy questions, and other requests. One of the most fulfilling parts of his career is “talking to a policyholder after a claim has been filed and processed. Most of the time the benefits received are used for their family’s daily living expenses, taking some of the financial stress off the table when unexpected health events happen.”

## Available Coverage Options:

*Cancer Indemnity*

*Accident*

*Short Term Disability*

*Hospital Indemnity*

*Critical Illness*

*Life*

*Dental*

*Vision*
